FEBRUARY GRADUATES

THE HISTORY OF THE CLASS OF FEBRUARY 1926

The thirtieth day of January 1922 brought great joy to the four hundred awe-stricken but extremely proud group of freshmen comprising the class of February 1926. My classmates and I had assembled here at Parker, coming from many different elementary schools, intent upon benefitting from this new portion of learning which was being so energetically thrust upon us. We found that which we had dreamed of: a place with an unlimited amount of "pep," opportunity and interesting activities.

For the first few weeks we were simply lost in our new surroundings, but before long we began to assume the aspect of old-timers. From the start we took a keen interest in all the activities of the school, supporting the Samson Club, the freshmen's own organization, "The Green and White," "The Parrot," and "The Annual" with full strength. The Homecoming, the Haines Christmas Treat, and the Field Day were the outstanding events of the year and brought out the spirit of the class of February '26.

A year passed and we were no longer freshmen, but sophomores; and how we liked to exercise our authority over the lowly freshmen from whose ranks we had but just passed. We began to show the stuff we were made of by going out for athletics, in which line we made an enviable record. The officers for the first semester were Robert Brooks, Lydia Niemoth, and James Muncaster. During the second semester we organized what was known as the "Sophomore Club." The club was created to promote greater interest in Parker activities and social life. The officers of the club and also of the class were Jack O'Leary, president; Mellicent Hoover, vice-president; Morton Brookes, secretary-treasurer; and Mrs. Hyman, sponsor.

Juniors! what pride we felt at being thus termed. The seniors were no longer the subjects of admiration, but we seemed to gather some to ourselves. The Homecoming, Stunt Day, and the banquet for the "B" Division football champs were the crowning social events of the year, and were wholeheartedly backed by the juniors. The officers of the class were Jack O'Leary, Marian Kuehne, William Englehardt and Bernard Lutz.

Another year passed and we were seniors! How fast the time had sped since we were freshmen and wondered if we should ever reach this rank! The class was organized early in the year and for the first time in three years met daily as one group in 318C. Donald Kline, Pearl Andrews, William Englehardt, Dorothy Spengler, and Jack O'Leary were chosen officers. The members of the class took

an active interest in the athletics and all the other activities of the school, and were the leaders in many of the school organizations. The happiest semester of our school life was spent during our final half-year at Parker. At this time we chose as our officers Donald Kline, Jack O'Leary, Roger Smith, and Dorothy Spengler. A "Prom," luncheon and play were all very successful and brought to a fitting close our high school career.

And now, as we leave you, Parker, our Alma Mater, we appreciate all that you have done for us and know that the influence of your guidance will always remain with us in whatever we may undertake; and that the friendships which we made here will ever be among our most cherished memories.

By Donald Kline

THE HISTORY OF THE TWO YEAR COMMERCIAL CLASS OF FEBRUARY 1926

In the year of our Lord, one thousand nine hundred and twenty-four, in the month of February, a group of grammar school graduates from No Man's Land came to Parker High School and formed a small army, an army which was to work for a goal. That goal was not land, not gold, nor fame, nor even the Fountain of Youth that Ponce de Leon sought. It was a prize that these young people valued far more highly. It was an education.

When the army was organized, it consisted of thirty-one privates. Each soldier was ambitious, full of stored-up energy, and ready to fight at the side of his buddy for a mutual cause, high marks. Their opponents, as they then thought, were their teachers, but after a year or so, the army found that the teachers were not their enemies but their allies, ready to help them in the conquest.

The battle was a hard one. In the fight that ensued, only the strong ones held out; the weaker ones were left behind with their D's. But all was not discouragement; there were little victories all through the struggle. There were parties, the football championship of section B, the homecomings, the bonfires, and most important of all, the Promenade. There were sleepless nights and exciting days for some of the army. There were times when the small army felt that victory was a long way off and that the price to be paid for the prize seemed almost too high.

Yet, after two hard years of battle, victory came. The army that gloried in the fame that comes with the winning of a prize was only twenty strong. Graduation night approached. The privates realized that they were now being promoted to officers and that they had to live up to that station. The small army, so ambitious at the beginning, was even more expectant now, for with the winning of the prize came real toil and battle for the future years, more victories to be won, and more fame to be gained.

JUNE GRADUATES

THE HISTORY OF THE CLASS OF JUNE 1926

The greater part of the members of the class of June 1926, to which number I belong, entered Parker in 1922. We were all exceedingly fresh and green and we were determined to do great things. It was not long before we began to realize what a small part of the great school organization we really were. The sophomores had a way of impressing this great truth upon us. Soon, however, the strangeness wore off and we began to feel at home when we realized that our teachers would not devour us, but that they really liked us. The freshmen division rooms were entertained by the senior girls in the course of the year, and there was a freshman dance. The first year girls covered themselves with glory by winning the girls' baseball tournament. Many freshmen also took an interest in the school clubs. The organizations open to first year students were the Owls which was called "The Scholarship Society" at that time; the Boys' Scientific Club; and the P. C. L. A few of the class distinguished themselves by appearing in the "Pageant of Troy."

The fact that we were sophomores and therefore superior beings added great charm to our second year. This year the class was formally organized: Jack O'Leary, Mellicent Hoover, and Robert Brooks were chosen as officers with Mrs. Hyman as sponsor. The class was represented on the football team, which won the division "B" football championship, and on the baseball team. Again we entered gaily into the social side of our school life which was featured by clubs and a dancing class. This year we assisted in the production of "The Mikado."

In our junior year the class leaders were Robert Curran, Jack O'Leary, George Geist, Marian Kuehne, Charles Flesher, William Englehardt, Harry Baumann and Bernard Lutz. Now we were important! We were upper classmen. Broader fields of study were open to us as well as more activities, chief among which were advanced music and dramatics. Once again the male athletes of our class helped to win the division "B" football championship which served to center the public eye on Parker. Mr. Perrine, who had welcomed us to Parker left in October, 1924, and Mr. Wright took his place. When we became 4A's, Mr. Laughlin entered to fill the vacancy left by Mr. Wright's departure.

Our senior year! For a while the importance of our position as seniors, graduates, and therefore glorious examples to the rest of the school, bore down heavily upon us but we soon became acclimated to the dizzy heights which we had attained and our manner to the world in general became more subdued. We elected

as guiding spirits Draper Frary, Robert Curran, Orville Gustafson, Harlan Fullenwider, Frances Hill and James Hartle. Again the football season came and passed leaving in our hands another shield and added to this we almost won the city championship. In this, our last year, and the climax of our high school course the teachers alone refused to take us seriously—for although no reference has been made to such a painful subject, don't think we didn't study. We did. Time flew as we reached the night of our graduation. There was a prom, a play, a graduation, a reluctant yet joyous farewell, and now the members of the class of June 1926 are known as alumni.

THE HISTORY OF THE TWO YEAR COMMERCIAL CLASS OF JUNE 1926

Two short years ago the members of the two year commercial class of 1926 came trembling into the monstrously large building known as Parker High School. They went into the office and were encountered by a man known as Harvey D. Smith. With shaking knees and trembling lips and squeaky little falsetto voices they managed to get out the words that informed him that they wanted to attend this school. He gave them one grand look (they thought it meant "out with you") and said, "You must go to the study hall." They had never heard of the "study hall" and wondered all the while they walked up three flights of stairs whether this animal had forty heads, with big teeth and six or seven legs and would devour them at first glance seeing that they were nice fresh meat. However, they could not find that animal and were forced to ask some girls where it hid. They were told where to find it, and then it dawned on them what the "study hall" meant. They went in and found other boys and girls like themselves. Later they saw the principal. He made a short speech using many large words that they did not understand. They were then shown their rooms where they met their teachers.

The class has struggled hard to achieve what success it might in its schooling and now that it has learned to love the school, the members of the class must leave Parker. However, they will not forget the happy days that they spent at Parker High School.

THE 4 B SENIORS

	February	*June*
President	Draper Frary	Charles Flesher
Vice-President	Robert Curran	John Egan
Secretary	Frances Hill	Henry Boldt
Treasurer	Orville Gustafson	Martin Burk

The Seniors forming the class of February 1927 in their 4B semester were in three sections under the supervision of Miss Ethel Stratton, Mrs. Kathryn Lovell, and Miss Millicent Stebbins, the division teachers.

Vain attempts were made to gather all the 4B's at one time for an election of officers. Finally, early in March, it was decided that the election be held in the various division rooms during division period. Charles Flesher was chosen president and John Egan, vice-president. Henry Boldt and Martin Burk were elected secretary and treasurer respectively.

The 4B's count among their numbers several prominent school athletes. Their president and vice-president are both skilled basketball players; George Geist and Eugene Kibling, who are 4B's, showed their football prowess last season. Janet Towne represents the 4B girls in athletics.

THE JUNIOR CLASS

The Junior Class of 1926 has, as a whole, been so prominent in all the departments of school activities that it is almost impossible to record within the limits of a brief article the deeds of its members.

The excellent scholarship of the class is shown by the long list of its members numbered in the ranks of the Owls. The Juniors have participated in almost every phase of school athletic endeavor. The class boasts of two captains, two captains-elect and a large percentage of students on all the teams. The highest athletic honors go to Sidney Taylor, who, as captain of the heavyweight basketball team, piloted the quintet through a most successful season, losing only one game in the semi-finals. George Covington, one of the guards on the same team, played steady and consistent basketball during the season and in the final game starred for Parker.

The Junior Class was well represented in football by Dan Ferner and Andrew Williamson. "Andy" was elected captain to lead the 1927 team. Both boys have played splendid football and are a credit to the school as well as to the class. The soccer team has chosen Harold Leopold as its captain for the coming year. He is an energetic fellow and will, without a doubt, prove worthy of the honor awarded him.

The Green and White owes a large measure of its success to the cooperation and ability of Marian Meyer, exchange editor; Harriet Runyan, personal editor; Paul Rudnick, humor editor; and Howard Trautwein, assistant in the advertising department.

The honorable position of class orator goes to James Nelson. There are several members of the class who have obtained commissions in the R. O. T. C. The most prominent ones are: first-lieutenant Peterson; second-lieutenant Healy; and second-lieutenant Kubicek.

THE SOPHOMORE CLASS

The Sophomore class of 1926 has shown indications of material of which Parker Senior High School may well be proud. The members of the class have shown their loyalty to Parker by taking great interest in, and backing *The Green and White*, the Annual, the Parker Civic League, the Owls, the Lorelei and the Life Saving Club.

Athletics have had splendid support from the Sophomores, who cheered lustily at the football, basketball and baseball games. William Short represented the second year class on the football team. The girls, too, have shown great enthusiasm for athletics and promise to become some of Parker's foremost swimmers, dancers and ballplayers.

During the year the girls of the class formed a club called "The Sophomore Girls' Club" which was for the purposes of acquaintance, fellowship and pleasant times. The club was sponsored by Miss Virginia C. Merritt. The officers were: president, Edna Kline; vice-president, Connie Fish; secretary, Grace Myers; treasurer, Lois Pratt. The present officers are: president, Marguerite Brady; vice-president, Dorothy Gard; secretary, Florence Hunter; treasurer, Lois Tidholm.

Marguerite Brady and Edna Kline who served one semester each as president made the club a success. They were both efficient, dependable and sincere.

Parker may expect a great deal from the present Sophomore class and its expectations will be lived up to.

A TRANSFORMATION

I came to Parker puzzled and worried. All day I went around with a frown on my face. The pupils tried to be nice to me but I did not understand them and did not feel like mingling with them. My assignments nearly drove me wild. I never knew what they were and went home wearily after school and often spent hours studying something that had not been assigned.

But what a difference now! After spending some time in 302 I am able to read the lips of my teachers and friends. No more misunderstandings now; only the pleasures of my classrooms and friends.

By Anthony Montesano

LIP-READING DEPARTMENT

I shall never forget the first Monday in February, 1923. On this day a class in lip-reading was opened in the Parker High School. This class opened with five pupils; one was a Senior who had been an Owl at Parker for two years; the rest were "Humble Freshies" with four long years before them.

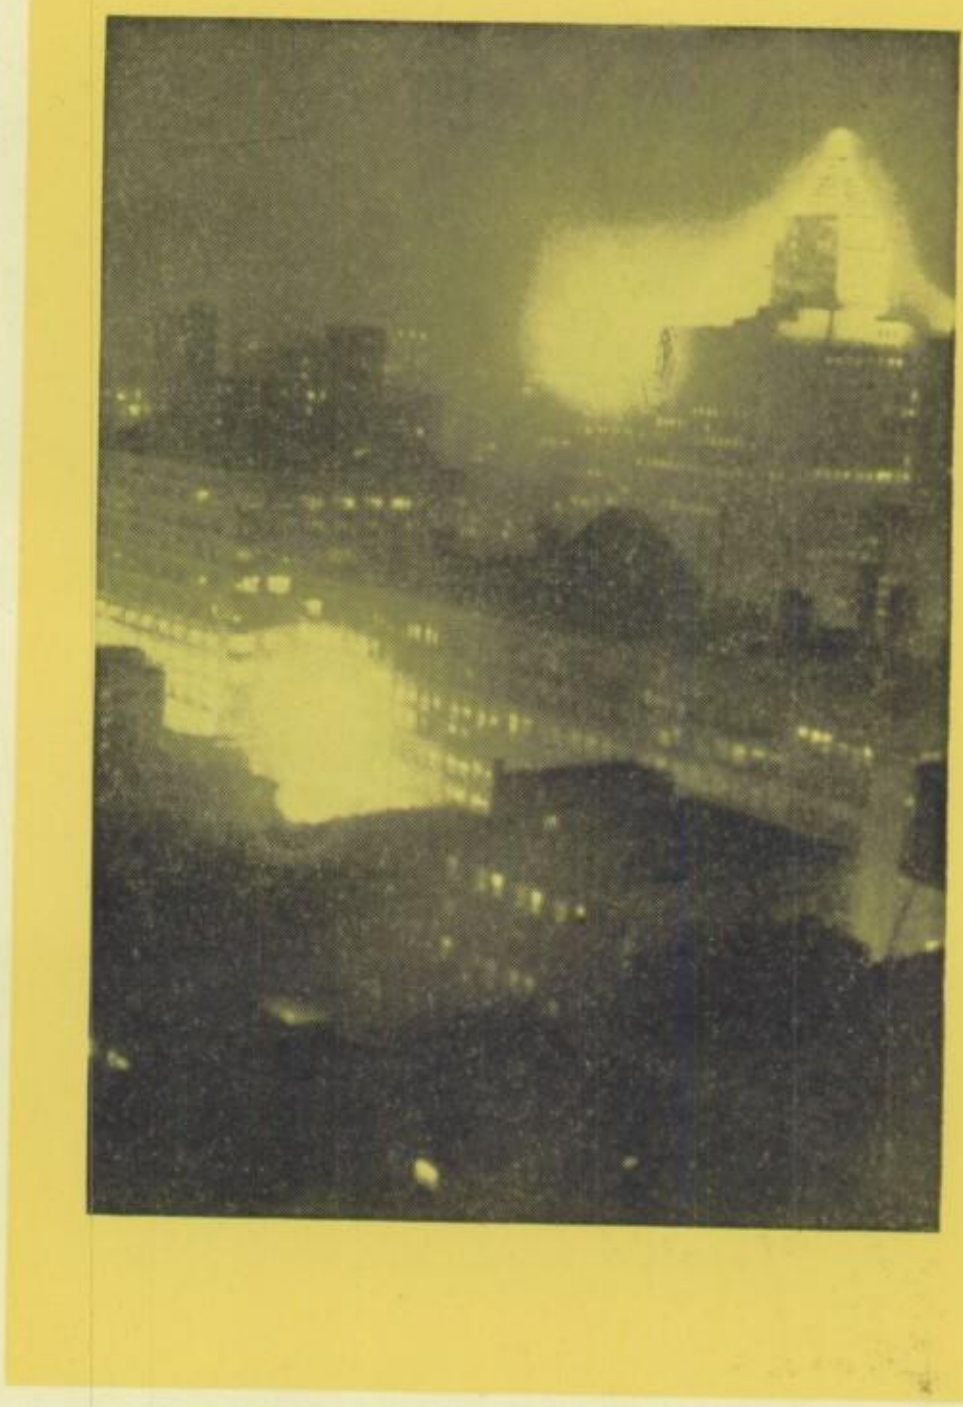
The following year a second class in lip-reading was opened. This class was made up of pupils who were slightly hard of hearing. These pupils were transferred from other high schools to get the training in lip-reading. One lived in Austin and had to leave home at half after six to get to Parker in time for the first period. Three were transferred from Englewood and two from Lindblom. One came this year from Lane. In this way the class has grown until the lip-reading class numbers fifteen, and so we hope it will grow until every high school pupil in Chicago who has the slightest defect in hearing will have the benefit of this training. At present Parker is the only high school in the city that has a lip-reading department but we trust it will be a matter of only a short time until other classes will be established in many other high schools in the city.

We are proud of our group for in it we number three Owls, two boy athletes and two girl athletes.

By Fred Tell

Can you read this? (See page 130).

"Come on Parker, make it snappy,
We're all with you and so happy."



ACTIVITIES

ORGANIZATIONS

THE PARKER CIVIC LEAGUE

	February	*June*
President . . .	James Muncaster	Charles Mount
Vice-President . .	Karl Hawk	Anna May Richardson
Secretary . . .	Donald Kline	James Hartle
Treasurer . . .	Edith Rysdon	Elsie Dahlgren

The Parker Civic League is the largest club in Parker and is composed of nearly the entire student body. It leads the school in a great many of the activities. Under the supervision of Mr. Coon, the faculty sponsor, the club has organized many important committees, among which the clean-up-campaign committee was an active one.

The club gave its usual five dances a semester besides many other treats. Among the various amusements and educational activities it provided were the Stunt Assembly, and the Home Coming, at which were given plays in the Little Theater, and gymnastic demonstrations. A game was staged between the Alumni and Parker team. The Parker team won with a score of 20 to 18. At another P. C. L. assembly Dr. Roscoe Gilmore Stott spoke on "A Man Sized Job." Dr Stott has appeared before at Parker and the club looks forward to another appearance.

Under the guidance of Miss Merritt, vocational adviser, excursions to the following places were made possible: Donnelly Printing Plant, Commonwealth Power Plant, Michael Reese Hospital, Chicago Rapid Transit Company, and the Stock Show.

The Parker Civic League gave its usual treat to the Haines School and also collected and provided for a Milk Fund for the poor. It has always been the custom of the club to provide something for the poor at all the holidays.

The Parker Civic League has always been among the first in spirit, first in pep, and first in loyalty. May others profit by its example, and may it never fail its Alma Mater.

THE PARKER CIVIC LEAGUE BANK

	February	*June*
President	Ruth Bergstrom	Bettina Johnson
Vice-President	Elsie Dahlgren	Norma Torluemke
Assistant Cashier	Edith Rysdon	John Duffy
Business Manager	Harry Projansky	Dorothy Fritz
Accountant	Florence Brinkman	Edith Quinn

The Parker Civic League Bank is one of the well-known accomplishments of the Parker Civic League. It has served in many ways to help the students save their money. The bank does not give interest, but at the end of the school year it will transfer any account to a large bank. The funds of all the clubs at Parker are placed in the bank and can be withdrawn at any time.

Mr. Coon, sponsor of the Parker Civic League, is also sponsor of the bank. He and his able helpers have made the bank grow considerably in the few years it has been organized here. The officers and Mr. Coon have planned for a teller's cage to be placed on the first floor so that banking there will be more business-like. The plan is now materializing.

The art department has cooperated with the bank by making many posters for the hall to boost the bank.

The bank now occupies a desk at the foot of the stairs in the Arts Building. All depositing or withdrawing can be done during the lunch hour, 12:30 to 1:15. The students look forward to the future of this well-known institution and hope that it will soon have more adequate and convenient quarters in which to do its work.

THE DRAMATIC CLUB

	February	*June*
President	KARL HAWK	KATHERINE MADISON
Vice-President	WILLIAM KELCH	ALBERTA LEWIS
Secretary	ROGER SMITH	RUTH HOFFSTEN
Treasurer	ESTHERMARY CRAWFORD	GEORGE GEIST

The Dramatic Club opened early last September with a membership of ninety. All of the meetings were held in the Little Theatre in 300A. They took place on every other Tuesday afternoon during the tenth period. The programs generally included musical numbers, readings, and short plays. The special feature of the semester was a Hallowe'en party. A regular program was first given and then there was dancing. Cider, doughnuts, and apples made up the refreshments.

At the opening of the second semester, it was found more convenient to hold the meetings on the second and fourth Thursdays of every month and during the eighth period. The membership was the largest that it has ever been in the history of the school. There were one hundred and sixty members. The programs were of the same type that they were during the first semester. In the spring there was an Easter party. An entertainment was given and games were played in 300A. After the eighth period the members proceeded to the Parker Practice gym. There dancing occupied the rest of the time except for that allowed to devour the refreshments, which consisted of Eskimo Pies. Toward the end of the semester another party was given. It made a fitting close for the year of happy times enjoyed by the club members.

Miss Baker coached the students of her Junior and Senior dramatic classes and made it possible to present many plays.

THE SENIOR GIRLS' CLUB

	February	*June*
President . . .	Dorothy Spengler	Ruth Hoffsten
Vice-President . .	Norine McHugh	Lois Fletcher
Secretary . . .	Ruth Hoffsten	Margaret Minsch
Treasurer . . .	Catherine Cusack	Helen Lofquist

The Senior Girls' Club has had a successful year under the sponsorship of Miss Ethel Stratton, dean of girls.

During the first semester a "Baby Doll Party" was given in honor of the incoming Sophomore girls. At another meeting Mrs. Phebe Curtis spoke on "The Big Girl World". Twenty-five of the members enjoyed a hike through Jackson Park and then went to Miss Stratton's home for tea. The February term closed with a "Farewell Tea" for the graduating girls.

Christmas favors for the soldiers of the Speedway Hospital, the Football Dance decorations and those of the Homecoming, and the book marks for the members of the Owls were the handwork tasks completed by the girls during the first semester.

Among the social events of the June term was "A Mad March Pilgrimage" given in order to acquaint the Sophomores with the Seniors. An "Easter Workshop" was held at which Easter favors were made for the children of the Protestant Children's Home. Easter plants, planted by the girls were placed in each high school room and in the office at Easter time. A cotillion, a May Day Frolic, and a travel talk were other features in the program. On June first a Beach Party was given at Jackson Park. The usual "Farewell Tea" concluded the year's program.

THE JUNIOR GIRLS' CLUB

President	JANET TOWNE	JANET BRANDECKER
Vice-President	MARGARET BAKER	EDNA KLINE
Secretary	MARGARET MINSCH	ADELAIDE RUMMLER
Treasurer	JEAN LAIRD	BONITA ECKERSALL

The Junior Girls' Club met and organized last semester with Miss Mabelle C. Daly as its sponsor. The club voted pins too expensive and so ribbon bows were chosen as the insignia. This insignia was made of green and white, the school colors, and red the Junior class color, and sold for five cents. The dues were fixed at twenty-five cents a semester. The club met every other week and had talks, parties, and the loveliest event of all was a tea for the mothers and teachers. The girls were the hostesses. An interesting talk with slides about her trip to Italy, was given by Miss Mabel Walbridge.

This semester Miss Helen Laird was chosen to sponsor the club. An Easter party was given on March thirty-first for the purpose of boosting the membership. The main features of the party were an Easter egg hunt, charades, and a guessing contest with all words containing "egg". The refreshments served were fudge and cake. In May the members hiked to Palos Park. Each girl brought her own lunch and lemonade was served by the Social Committee. In the latter part of June a beach party was held to which the "A" Sophomores were invited. Lantern slides, talks, and stunts were the features of the meetings which were held every other Wednesday, during the eighth hour in Room 300.

THE SOPHOMORE GIRLS' CLUB

	February	*June*
President	Edna Kline	Marguerite Brady
Vice-President	Connie Fish	Dorothy Gard
Secretary	Grace Myers	Florence Hunter
Treasurer	Lois Pratt	Lois Tidholm

In September a group of girls formed an organization to be known as the Sophomore Girls' Club. They chose as their sponsor, Miss Merritt, who with the aid of the competent officers, guided the club through a very successful semester. Many good times were enjoyed by the members, the most important being a party for the purpose of welcoming the girls who had graduated from Junior High. The party was held in the Dome room, where a very unique program was presented.

Not being satisfied with limiting their happiness to themselves, the girls did some charity work at Christmas time making a donation to the United Charity Society.

In February it became necessary to choose a new sponsor to take the place of Miss Merritt, who resigned that position. This time Miss Gibson was chosen. The June semester proved to be as successful as the first.

As Easter approached it was decided to bring a bit of Easter cheer to the inmates of Speedway Hospital. Easter Greetings made at one of the gatherings, were sent. These greetings not only brought happiness to the recipients but also provided a very enjoyable source of occupation for one of the meetings.

One of the socials of the June semester was in the form of a party for the Sophomore boys, which was greatly enjoyed.

Since the party given in February to welcome the Junior High graduates proved to be an ideal way of getting acquainted, another such affair was held for the June graduates.

THE OWLS

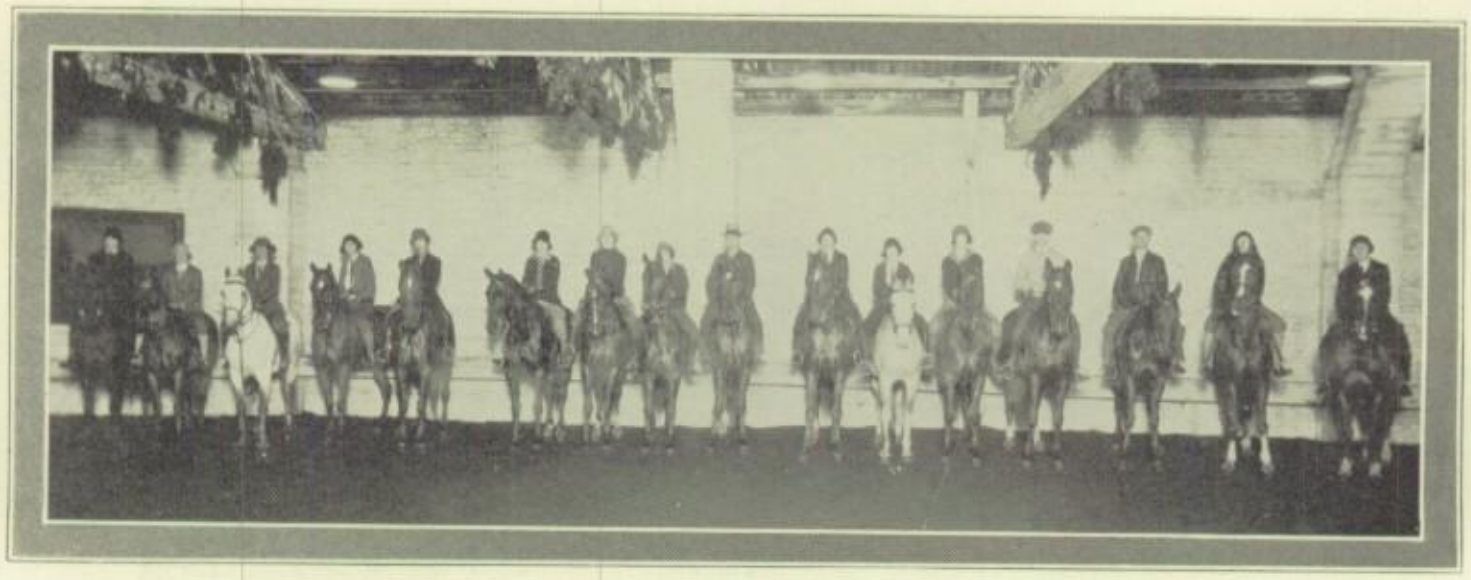
	February	*June*
President . . .	WILLIAM ENGLEHART	ADRIENNE TAYLOR
Vice-President . .	JEAN LAIRD	EDNA KLINE
Secretary-Treasurer .	EDNA KLINE	MARION LAIRD

Membership in the Owls, the honorary society of Parker, is growing. There are now close to one hundred members.

In September Miss Stratton was forced to resign as sponsor because of many other duties. Miss Walbridge was elected to fill her place and has willingly given help and advice throughout the year.

The two semesters have been full of good times. Among these was a Hallowe'en party. At the first of the June semester the Owls gave an Assembly and presented Dr. Lemon of the University of Chicago to the school who talked on "Fluid Motion" and the "Gyroscope". At one of the meetings Dr. Merrill, also of the University of Chicago, talked on "Student Life at Oxford." Later in the semester Miss Sherman gave an illustrated lecture on her Mediterranean trip. The annual Owl outing, in the form of a picnic, was held toward the end of the semester at Palos Park. Heretofore this has been the biggest event of the year and was just the same this year.

The Owls are not organized purely for social reasons. For over a year the "Encyclopedia" has not been in existence because of the crowded conditions at Parker. This semester, however, the conditions were better and the "Encyclopedia" was resumed. Through this organization students who have need of help are aided by members of the Owls.



THE PARKER EQUESTRIAN CLUB

	February	*June*
President	Violet Johnson	Lucille Armstrong
Vice-President	Edythe Quinn	Nell Willis
Secretary	Lucille Armstrong	
Treasurer	Ronald Henry	
Business Manager		Edythe Quinn

The Equestrian Club was organized in September of 1924 by Miss Florence French. It has just completed its second year successfully. The original members were girls from the senior and junior classes only. Jeanette Johnson was president of the Riding Club for the first two semesters. The loss of Miss French last September was a hard blow to the club; but Mr. Coon volunteered his services and has proven a very enthusiastic sponsor. The club's rules have since been revised so as to admit boys into the Club. The name was changed from the Parker Riding Club to the Parker Equestrian Club; and pins were presented to each of the members.

By means of posters and campaigns, the membership in the June semester was increased to about fifty girls and boys. Glen B. Dipmore, the riding instructor, awarded prizes to the best rider and to club members having the most perfect attendance. In June the club enjoyed several delightful two hour rides through Washington and Jackson Parks in addition to the regular program. A committee which was appointed for the February semester planned many special rides and entertainments which were very successful.

THE WINTER SPORTS CLUB

John Nichols	*President*
John Quick	*Secretary*
Lewellyn Owens	*Treasurer*

The Winter Sports Club was organized this year for the purpose of having students participate in outdoor games and winter sports. John Nichols was elected president of this club.

The outings consisted of six toboganning and skiiing parties. The first two were not very well attended, due to the weather. The rest were attended by a group of more than forty on each occasion. With the coming of warm weather, the club adjourned until next winter.

Mr. Maysack, the organizer, promises even better times for next winter. Skating meets and ice hockey will be included in the 1926-27 program. The school has already purchased two ten foot toboggans, but will no doubt buy more as it was often necessary to rent toboggans this winter.

THE NATURE CLUB

Leonard Soriba	*President*
Jack Creswell	*Secretary*

At the beginning of this last semester Herbert Cadwell conceived the idea of having a nature club at Parker. His idea materialized successfully. A definite program was planned. The different phases of nature were studied. At the first two or three meetings, forestry was studied. When the weather permitted, trips were made to different places. The club visited the acquarium at Lincoln Park to study fish and birds. Some of the members hiked to Palos Park during the cold weather, and another group camped at the Dunes during spring vacation. Miss Jessie Potter and Miss Helen Laird are the sponsors of this club.

THE CHESS CLUB

Dan White	*President*
Howard Inwood	*Vice-President*

The Parker Chess Club was organized by Mr. George Staley several years ago. During the last three years it has produced a team of five players and at times that was the total membership of the club. Last season the team had the best score it has ever made by gaining twenty out of a possible forty points. The club took second place in the south section. The membership has increased to thirty now. The regular meetings are held in 304 during the regular club period.

Chess is classed as an athletic sport and a shield is given to the winning school. Owing to the fact that the outfits are supplied by the school there are no dues.

LE CERCLE FRANCAIS

ALBERTA LEWIS . *President* — MARION ENKE . . *Secretary*
EBBA RICHTER . *Vice-President* — JOHN WALLER . . *Treasurer*

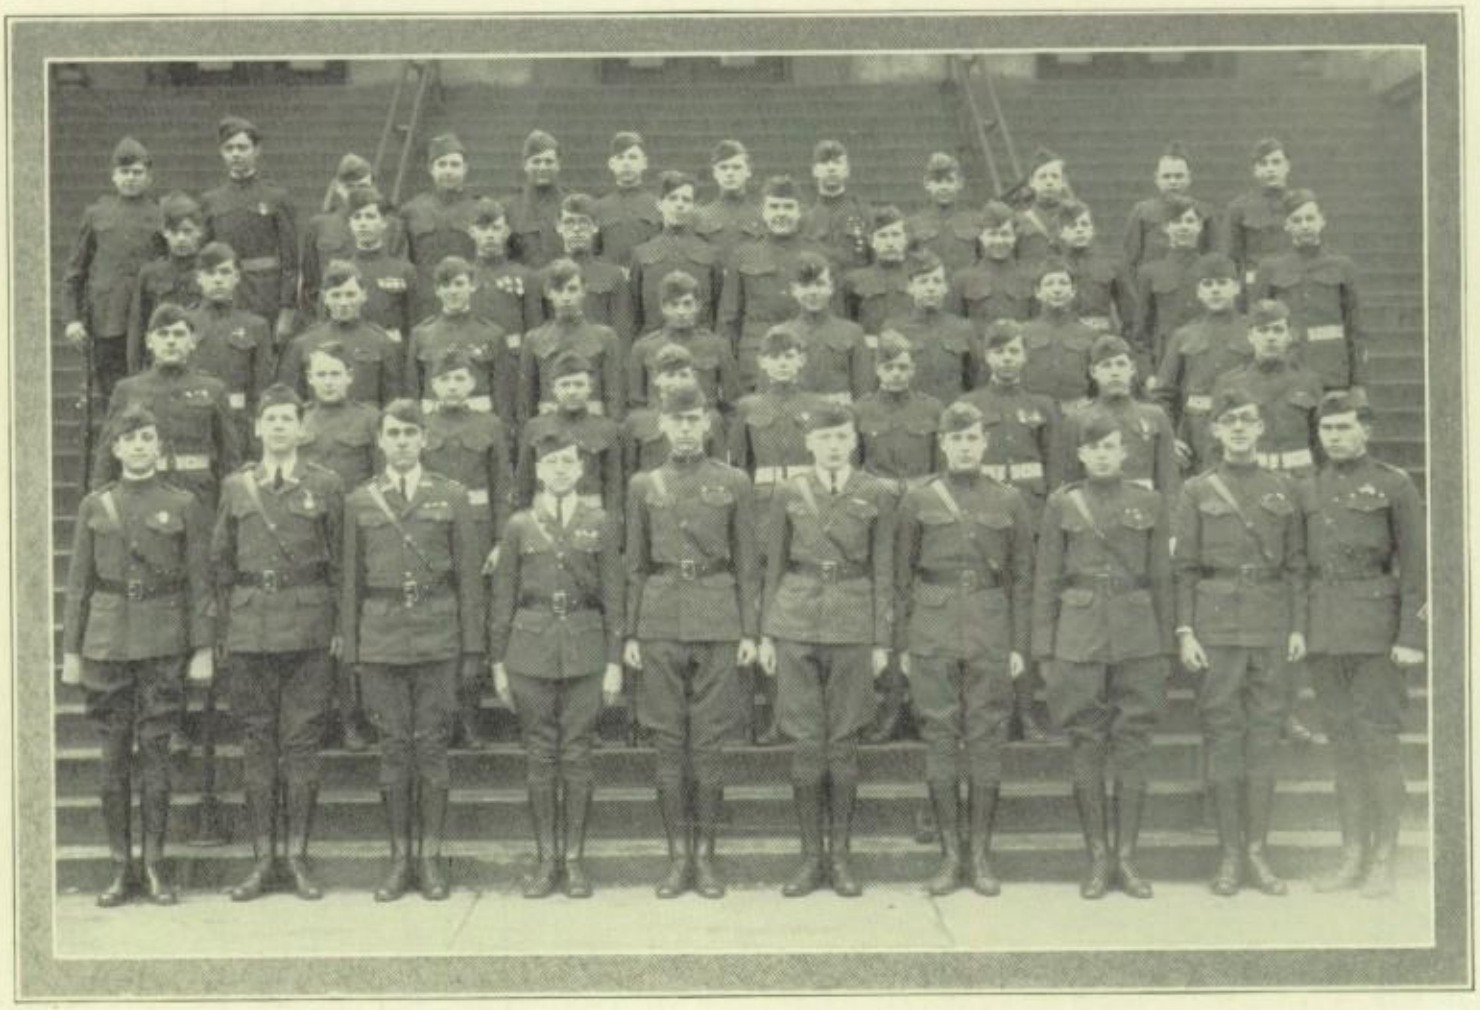
The French Club meets the third Thursday of each month in 300A. The purpose of this organization is to facilitate the speaking of the French language among the French students. The meetings are conducted wholly in French. A fine is imposed upon those who disregard this rule.

A program committee, consisting of Frances Cauble, Ebba Richter and Ruth Staiger, assisted by Miss Dunlap, the sponsor, arranges a program for each meeting. "Le Medicin Mystifie", a very clever play, was presented by Harriet Jouris, Ethel Greenfield, and John Waller at the second meeting this semester. Besides singing, playing games and amusing themselves in various other ways, they aim to learn something of France itself in history, literature, art and music.

THE "C" CLUB

GRACE MEYERS . . *President* — VIRGINIA HEIN . . *Secretary*
HENRY BIRSS . *Vice-President* — HOWARD INWOOD . *Treasurer*

The "C" Club was organized this semester by a group of Citizenship students interested in the general welfare of Parker, under the sponsorship of Miss McCredie. This group analyzes the problems of the school and even the community and offers remedies when it is possible for them to do so. There are twenty-three charter members in this organization. In order to be a charter member, a person had to submit some problem for the club to discuss. A constitution was drawn up to determine the qualifications for membership and the method of carrying on the club affairs.



THE R.O.T.C.

During the past year the R. O. T. C. has done a great deal toward its advancement. One of the outstanding social features of the R. O. T. C. was its annual Uniformal Ball. This year the dance was given at the Wedgewood Hotel. The dance was voted a wonderful success by all persons attending.

The Interschool and the Hearst Trophy are among the rifle competitions of the past year. The rifle team was in good form and gave the opposing teams stiff competition.

The best soldier competition was a powerful factor in creating interest in the unit work. To the men winning this competition a campaign bar was given. This competition was the second of its kind. This year it was judged by the principal of the school.

Wishing to enlarge its membership, the R. O. T. C. under the leadership of its instructor started an enlistment campaign. Promotions, campaign bars, and chicken dinners were offered as awards for the greatest number of men enlisted. By this means the enrollment was brought close to the two hundred mark. (Band included.)

Parker's Selected Squad brought home a high place at the annual competition held at the Armory. It came in second, winning over many much larger units.

Last spring Parker's "Regular Company" brought home a cup when they won first place at the stadium. They are looking forward to making as good a showing this spring.

The R. O. T. C. cadets acted as ushers at both the final football games.

An officers' club has been organized in order to increase the efficiency of the officers. It meets every second week at the home of some officer.

In the last few months several changes have been made in the officers' uniform. Sam Brown belts, leather putties, and roll collars are now authorized for the cadet officers.

THE BAND

JUDSON HARWOOD . . . . . *Commander*
DUNCAN THOMPSON . . . . . *First Lieutenant*
EARL KUBICEK, GEORGE KOEHLER, OGDEN VAN DOREN . . . . . *Second Lieutenants*
SERGEANT HOWARD LOCK . *Commander of the Drum Section*

The Parker R. O. T. C. Band, consisting of over forty members, has finished its fourth successful year under Captain Steinbach. During his four years of teaching at Parker Captain Steinbach has proved himself to be an able instructor. Under his supervision band members are changed from inexperienced players into musicians. These members are fully repaid for all of the time and energy spent in band classes and in band ensemble for they receive training which is unattainable elsewhere.

During the time Captain Steinbach has been at Parker, the band has made a very creditable showing. In 1923 it tied for second place in the annual competition for all Chicago High School Bands, and in 1924 it won first place in its own division. This year the band has taken an active part in school affairs, more than ever before. It played for the football games, at which it became a noticeable feature. The band played at the school assemblies, too.

The band intends to continue to play at the games and other school affairs. It will help when it is called upon. Those students who are remaining at Parker should remember that the band gives one the privilege of gaining knowledge and experience in music which is a necessary subject in every well rounded course.

THE SPANISH CLUB

"Ta Tertulia de Horas Alegres"

	February	*June*
President	Rosalie Israel	Helen Meggison
Vice-President	Gladys Pumroy	Lillian Ripple
Secretary	Frances Layman	Gladys Pumroy
Treasurer	Ray Gooschalk	

Last semester for the first time during Parker's existence, a Spanish club was organized under the supervision of Miss Grill, with the primary aim of encouraging the speaking of Spanish. A constitution was drawn up by which the election of officers, their qualifications, and the manner of conducting the meetings were determined. In electing the officers, it was deemed necessary that the president and secretary be a student of third or fourth year Spanish; the vice-president should be in second year Spanish, while the treasurer should be a student who has had at least one semester of accounting, in case any special bookkeeping might be required. The club was named "La Tertulia de Horas Alegres" (The Social Circle of Happy Hours), with the view of living up to its name.

This semester the Spanish club was reorganized with the aim of becoming better united and to stimulate Spanish conversation. This is to be supported by a statement in the constitution by which all members must speak in Spanish; if a member fails to do so, a fine of one penny will be incurred every time he does not respond in Spanish. Since few or no members have any knowledge of accounting, that part of the constitution has been repealed this semester, and the secretary-treasureship consolidated.

This semester Spanish crossword puzzles, and Spanish dances, songs, and riddles were submitted to the students. Miss Grill has also added to the diversion of the club by obtaining slides from the Board of Education showing the places of importance and the manner of living in Spain, Mexico, and Cuba. Students gave short speeches in Spanish on the slides.

The Staff of the Green and White, expressed the wish to make Parker's weekly the organ through which the wants of all the students could be expressed. It has succeeded to a great extent for it has commended the efforts and successes of Parker, and given credit where credit is due. The paper has helped to gain publicity for the various activities of the teachers. During the football season the Staff issued two special numbers, the Wallop Waller and the Lick Lane editions. These were welcomed by the students. The program issue was of great convenience to both students and teachers for it contained a complete program of classes by subjects and another by teachers. This was issued in February. Later in the same semester sticker pennants were given away with every purchase of the Green and White. These were seen adorning the notebooks, brief-cases, and cars of the students. They proved to be very popular.

At the Publications Contest of the Illinois State High School Press Association at the University of Illinois, the Green and White was awarded third place in the second class, composed of schools of between five hundred and one thousand students. As a member of the Chicago High School Press Association the paper has taken an active part in inter-publication discussions. Mary Jane Cox held the office of Vice-President of the Association.

The Christmas number of the Parker Parrot, the only literary publication of Parker Senior High School, contained many interesting features and was edited by a very capable staff. The magazine contained the best literary contributions from the students, articles which otherwise could not have been published owing to the size of the Green and White.

Both literary and art contests were held for the purpose of obtaining student contributions for the magazine and encouraging literary and art talent.

Edwin Wilson deserves much credit for his work on the cover design of the magazine. He also contributed the best poem, entitled "Our Christmas". Poems written by Freeman Church, Donald Baldon, Arthur Goebel, and Alberta Lewis were also published.

"The Passing of Merlin", written by George Hunt, and "A Stocking's Thought on Christmas Eve", by Frances Stahl, were selected as the best short stories and published in the magazine. Two other very good articles, "On Christmas", by William Engelhardt and "The Christmas Spirit", by Evelyn McCarthy, were also chosen for publication.

Aside from student contributions there were many interesting articles by the members of the staff. The athletic department, with cuts of the football and soccer teams and a personal write-up of each player, was one of the best features of the book. Lastly the Parker Parrot owed its success to the student and faculty cooperation and to the advertisers who helped "put it over".

BOYS' ATHLETICS

FOOTBALL

The season of 1925 was one of the most successful in the history of football at Parker. The teams record for the season was five victories and three defeats, and runners-up to Lindblom for the city championship. For the third successive year Parker captured the championship of its section. After winning the section 3 title, Parker defeated Lane in the semi-final game but lost to Lindblom in the final game for the city championship.

Parker opened the season, as in former years, against Tilden at the South Town Athletic Field. Tilden scored twice due to Parker's fumbles. The score was 13-6, Parker's only touchdown being made by Gustavel.

St. Rita was next met at the South Town Athletic Field, Parker losing by a 7-0 score. The feature of this game was a seventy-five yard run by Frary.

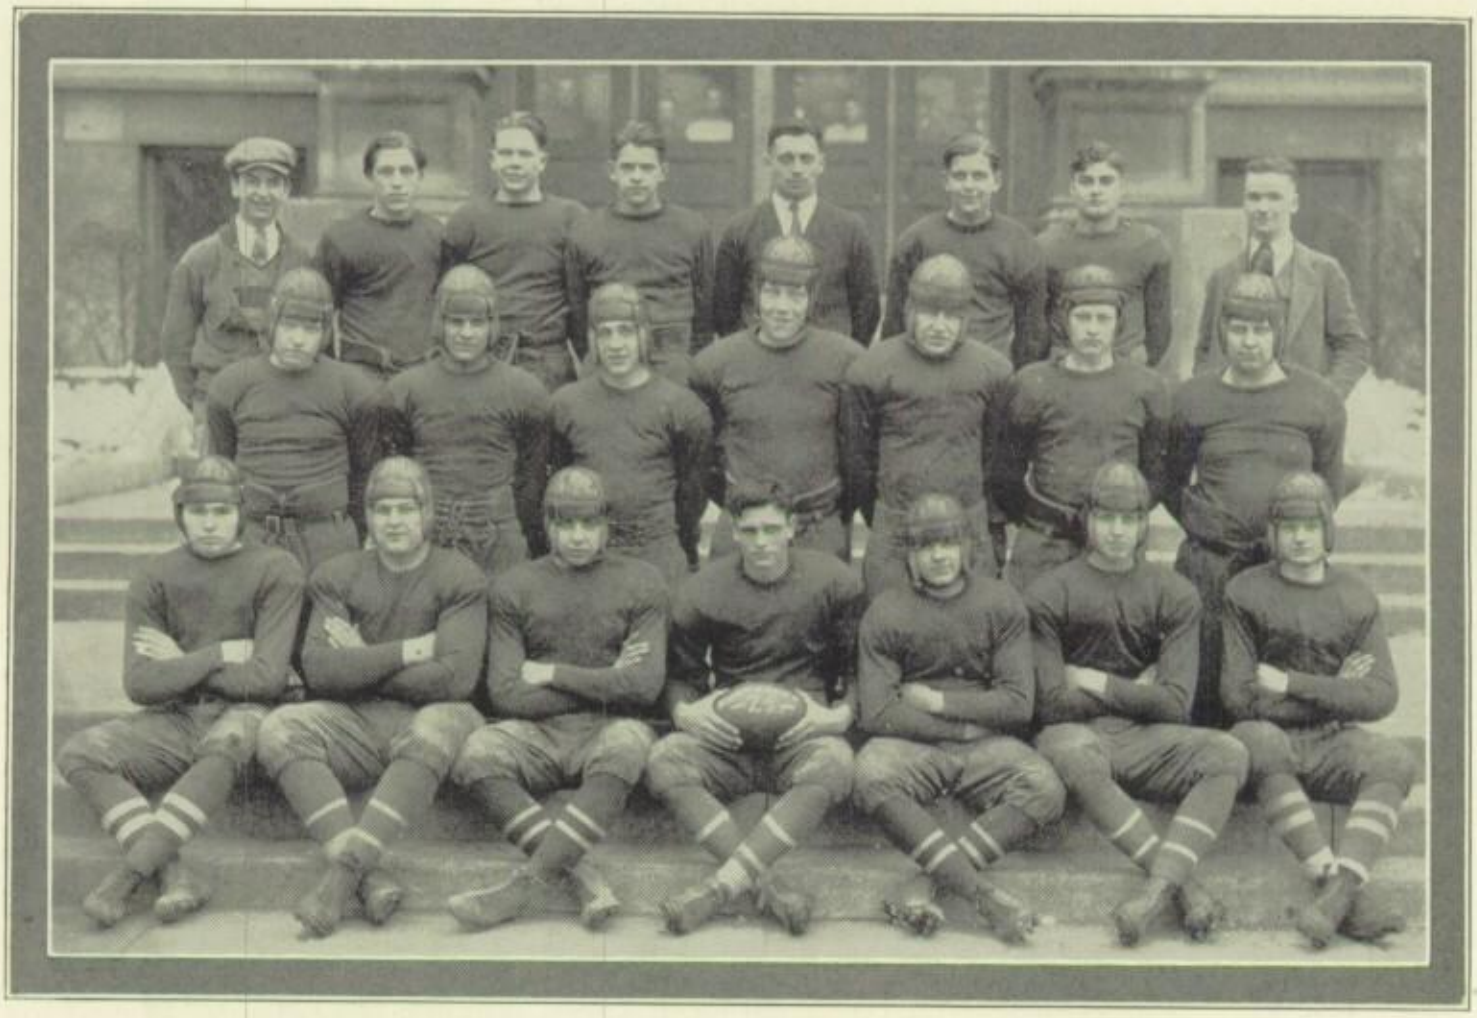
Parker opened its league schedule by defeating Calumet at the South Town Athletic Field by 27-0. The feature of this game was the work of the Parker backfield.

Waller, considered by many the best team in our section, was next met at Murley Park. When the battle ended Parker held a 20-0 advantage, due to the fine playing of Gustavel and Frary, Parker's backfield aces.

Wendell Phillips, the only league team to score on us, was met at South Town Athletic Field. Wendell Phillips scored first, via a drop kick, but Parker was not to be stopped. The game ended with the score 38-3 in Parker's favor.

Parker defeated Morgan Park in the last league game, at the South Town Athletic Field. The victory was due mainly to the work of Gustavel who accounted for 27 points. The score was 33-0 and Parker took the championship of Section 3.

Parker met Lane in the semi-final game at Soldier's Field. The game was played in mud ankle-deep, but this did not hamper the team. At the end of the



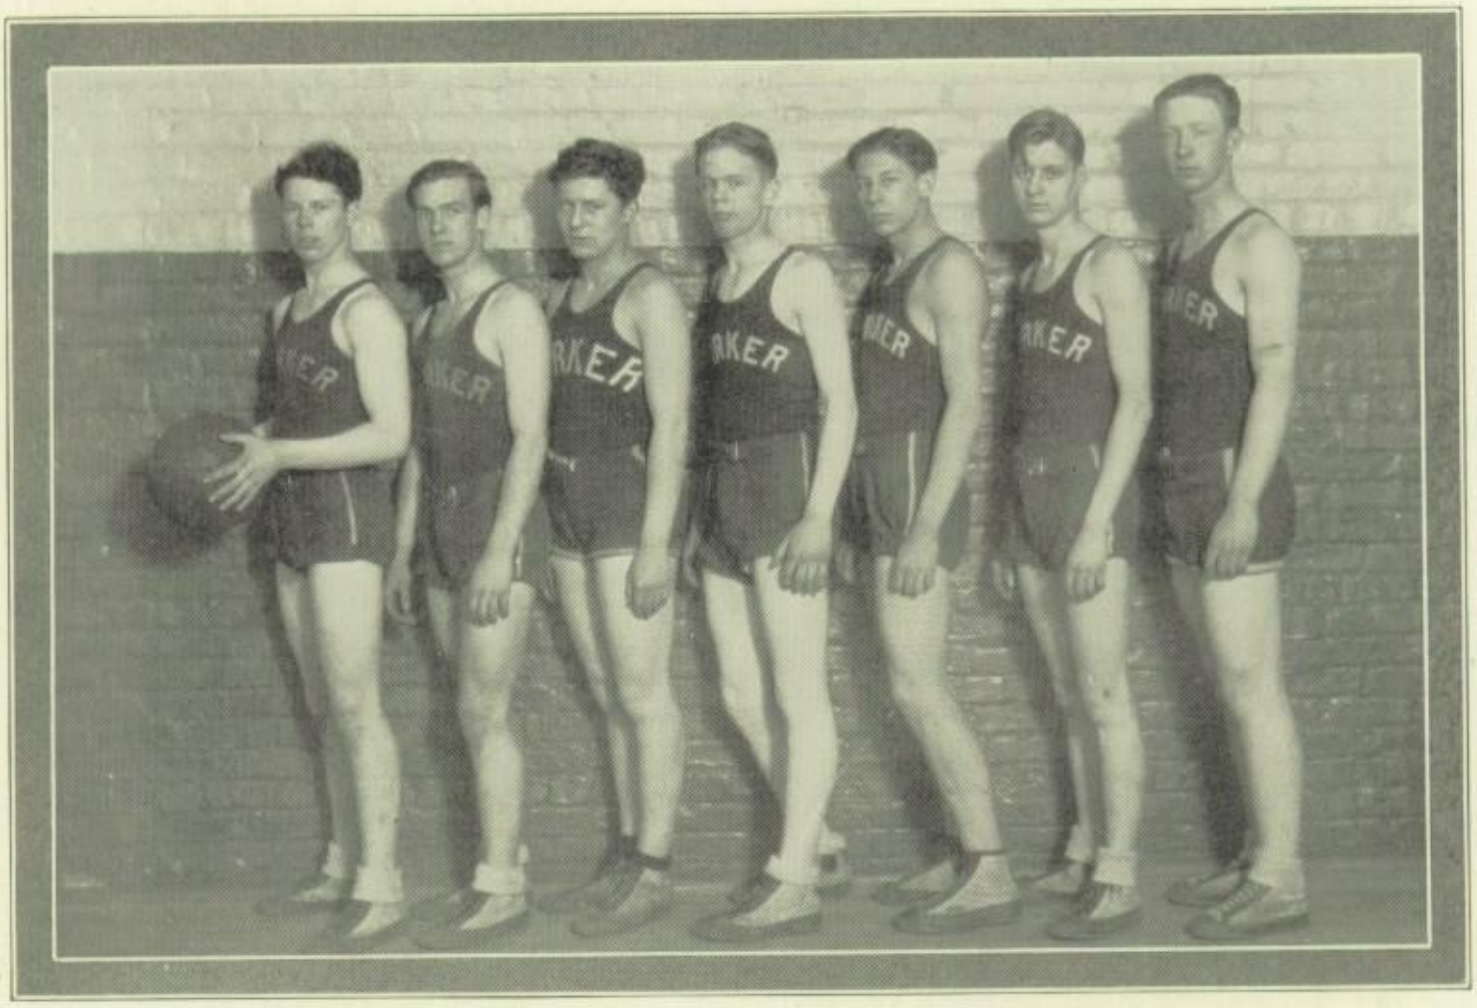
first half Parker held a 2-0 advantage due to a safety. On the kick-off at the beginning of the second half, Lane kicked to Frary, who received the ball and with perfect interference ran seventy-five yards for a touchdown. Lane scored in the last half on a blocked punt. Score: Parker, 8; Lane, 7.

The championship game was played against Lindblom, Section 2 winners, at White City. Lindblom's heavier, faster team was too much for Parker, the boys losing, 40-0.

Besides Captain Lutz, many men will be lost by graduation. The prowess of Captain Lutz was shown by his being chosen as end on every city newspaper all-city team. Gustavel, Frary and Baumann also were placed on the all-city team of several newspapers.

"Andy" Williamson will captain next year's team to what it is hoped will be an even more successful season.

The members of the team were given sweaters by the Parent-Teacher's Association.



HEAVYWEIGHT BASKETBALL

As the heavyweights this year lacked weight they had to win their games by speed and fine team work. Parker averaged about one hundred and forty pounds, while most opponents averaged about one hundred and sixty.

The heavies were pennant contenders for the first time in three years. Flesher, of last year's heavies, and Taylor and Tell of the 1925 lights, formed the nucleus for a team. The first practice game was lost to Tilden. Parker won the rest for a total of seven straight.

Parker's league games started January 8, at Bowen with the game ending in favor of Bowen. Parker was next swamped at Calumet and seemed out of the race. The team showed real grit by winning the four remaining games on their schedule, and found themselves tied with Bowen for first place in the South Section.

In the first semi-final game, Phillips was met and defeated, 24-22. Englewood was played next. Parker trailed for the first three quarters but in the final period obtained a six point lead which they were unable to hold. However, Englewood rallied and won 24-22. In the last championship game Bowen was conquered, 18-17.

The team made three out-of-town trips. The first was a journey to Hinsdale with Parker victorious by one point, 19-18. Parker traveled to Culver, Indiana, in the middle of the season and lost to the cadets, 29-28. The final game of the year was played at Delafield, Wisconsin, against the St. John's Military quintet. Parker won, 22-21.

Flesher was the high point man this season. Tell, Tousley, Wallace, and Muller graduate in June. Captain Taylor, Flesher, Covington, and Egan depart in February. Only Kunz will be here next season.

LIGHTWEIGHT BASKETBALL

The Parker lightweights, this year were formed around one veteran, Captain Hartney. The lights did very well for an inexperienced team, finishing fourth in the South Section.

The lights had a fair practice season, meeting some very strong teams. Four games ended in favor of Parker, while a like number of games were won by their opponents.

When the league games started Parker sprung a surprise by defeating the strong Fenger five, 13-11. The next game was dropped at Bowen, 22-8. At Calumet, Parker, again emerged victorious, 9-8, after two overtime periods. Fenger next defeated Parker at Fenger, 11-9, in an overtime game. Bowen then came to Parker and won, 9-8. Morgan Park followed and was the victor, 14-6. Calumet was again met and defeated, 15-9. The final game of the season was played at Morgan Park ending in Morgan Park's favor, 13-4. This last game was played without the services of Captain Hartney, who played on the heavyweight team following the Calumet game. In the first game, Parker was strengthened greatly by Fred Tell, who played with the heavyweights after that game. An out-of-town game was played this year at Hinsdale. Parker won, 20-10.

Taylor was the high point man this year. Captain Hartney, Creswell, and Chissom also had good eyes for the basket. Captain Hartney, Chissom, Newton, Wilson, and Mount will graduate in June. Taylor, and Creswell, two regulars, will remain. Gunther will stay until February. Lassman, McCosh, and Nichols will also be available for the 1926-1927 season. Next year's team will no doubt be molded about these men and with the usual supply of new material, the prospects for next season look very bright.

SOCCER

Due to the lack of good material and the inexperience of the new players, this year's soccer team did not enjoy as successful a season as they have had in former years. The team this season was built around five veterans of the previous year, and what it lacked in playing ability it made up in its fighting spirit. Much credit for the showing of the soccer team is due to the splendid coaching of "Pop" Maysack, for through his efforts the scores were close and the games were always hard fought.

The team played eight games: five practice tilts and three league games. The practice games were played against Tilden Tech., Lane twice, University High and Lake View. Parker faced Tilden Tech., Harrison Tech., and Hyde Park in the league games. The game with Harrison was the best one played of the season, Parker being nosed out by a 2-1 score after a very hard fought battle.

Many of the men will be lost by graduation. Among them is "Mel" Weil who has played halfback for the past two years and was captain of this year's team. Other players who graduate are Elmer Ebert, Adrian Armit, Dan Gallivan, Don Kline, Ed Wilson, William Wilson, Arthur Ohnesorge, Harlan Fullenwider, Clyde Andrews, and Earl Lord.

Next season's team will be led by Harold Leopold who was elected captain at the close of the 1925 season. It will be built around Louis Shuman, Ed Richardson, and William Peterson who will return for one more season of competition. With this group of veterans for a nucleus the soccer team next year should have a very successful season, perhaps surpassing the record of the 1925 team.

BASEBALL

The baseball team finished the 1925 league season with a percentage of .500, winning four games and losing four. The team as a whole was inexperienced with but two veterans from the previous year.

Parker played four practice games, losing all, but this only put more fight in the team for the league games. St. Rita defeated Parker twice and both Englewood and Culver defeated Parker once.

The first league game was a victory for Parker, Morgan Park being the victim by a 7-6 score. The pitching of Burk and the batting of Flesher featured this game.

Parker made it two straight by downing Fenger, 14-6, but the next game resulted in a victory for Calumet, South Section champs, by a 9-5 score.

The following week Parker lost its second game to Bowen by the close score of 4-0. Morgan Park took the third straight from Parker by the margin of one run, the score being 8-7. Parker broke its losing streak by downing Fenger for the second time during the season, 12-7.

Bowen defeated Parker 11-0 in the next game, but Parker came back for a victory against Calumet in the last game of the season by a score of 9-4.

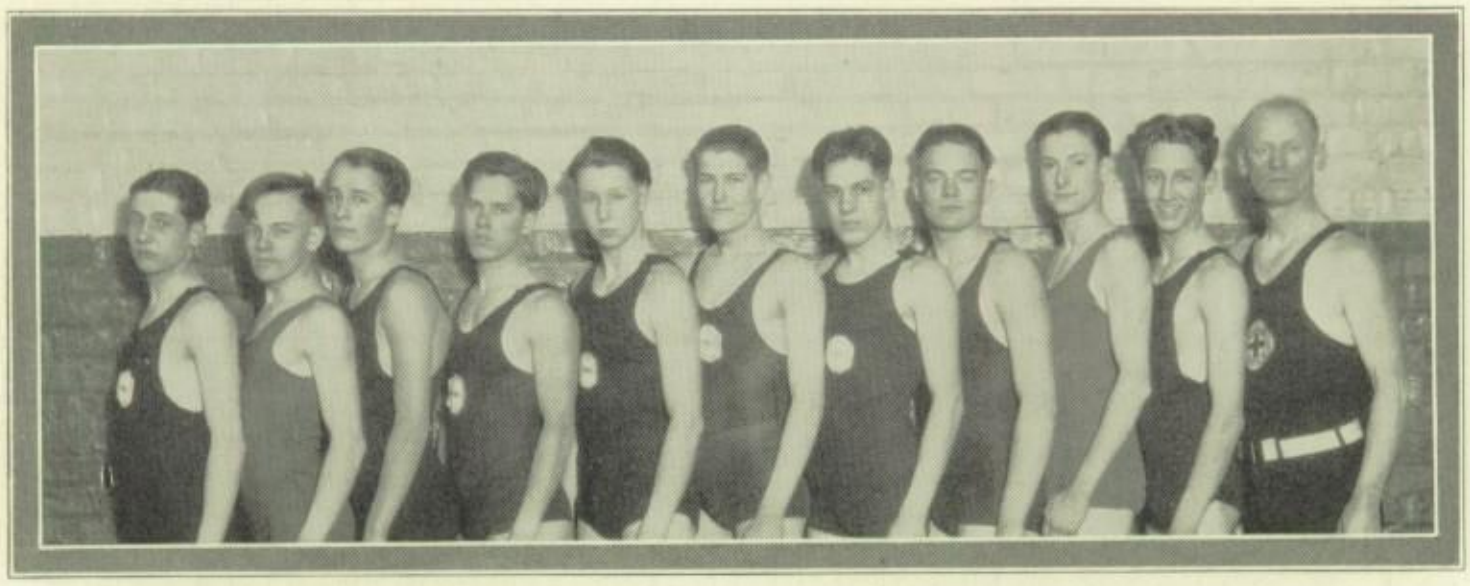
Captain Tolman, Brooks, Tracy, Projansky, and Brading were lost by graduation, while Flesher, Burk, Ebert, Newton, and Kincheloe formed the nucleus of the 1926 team.

Much credit toward the success of the team is due to the excellent coaching of Mr. Wasserman, the pitching of Burk, and Flesher's batting ability.

THE BOYS' LIFE SAVING CLUB

The Life Saving Club was organized this semester under the guidance of Coach Maysack. It has a membership of thirty, and is continually growing. One period a week is set aside for practice which consists of rescue work, towing a person, artificial respiration, and the learning of Water Safety Rules.

As the club is still in its infancy, no officers were elected, Mr. Maysack taking charge of the meetings. Many of the members are trying for the American Red Cross Life Saving Medal which can be had by passing a series of examinations featuring the above mentioned work. Many members of the swimming team belong to this club and by winning some of these medals can bring more honor to Parker.



SWIMMING

The swimming team this year was hit hard because of lack of eligible men to compete in meets against other schools. As a result of this, Tilden was the only school met. In this meet Parker lost by a close score. Although the Parker team did not win this meet, it placed in the high school meet held at the University of Chicago pool, due to the efforts of Paul Worden who placed in the head carry. Worden who was the mainstay of this year's team will form with Nash, the nucleus for next season's team. Borst, Armit, and Curran, for three years members of the swimming team, will be lost by graduation. Their loss will be keenly felt.

GOLF

Parker's golf team, not noticed by our students, played well throughout the 1925 season. The players were Squires, Dearborn, Newton, and Ahern, all of whom knew and played the game well. Matches were played with other schools.

In the city championship played at the Mid-City course, our boys rated well, being near the top in the first day's play. The second day saw our boys fall, finishing farther back than they had been at the end of the first day.

Newton, Dearborn, and Ahern returned for the 1926 season. Laracco, captain of the '24 team and school champion in '23 and '24, was the other player. His playing strengthened the team considerably, and the team fared well in the competition.

TENNIS

The first boys' tennis team Parker High ever had enjoyed a very successful season in 1925 placing second in the South Section. The members of the team were Booth, Flesher, Dearborn, and Beyer. The team lost two games, these being to Calumet, city high school champions. The teams defeated by Parker were Fenger and Morgan Park.

The good showing of the team was due to the coaching of Mr. Wasserman, who worked hard to make a name for Parker in tennis as well as in other sports. The next season promised to be even more successful as only Beyer graduated, while Booth, Flesher, and Dearborn returned to form the nucleus around which the 1926 team was built.

MR. MAYSACK

"Pop"

Robert E. Maysack, Parker's "Grand Old Man", is one of the most respected of all the faculty. "Pop" is a friend to everyone and has labored unceasingly for the good of the school.

"Pop" conducts classes in gymnastics besides coaching track, swimming, and soccer. He conducts the interclass athletics which help to develop sportsmanship and manhood among the students. As a swimming coach, "Pop" has few equals, while in track Parker is taking a more prominent position among the other schools. His soccer teams have always been among the best in the City High School League.

Mr. Maysack represents Parker on the Board of Athletic Control of the Chicago High Schools.

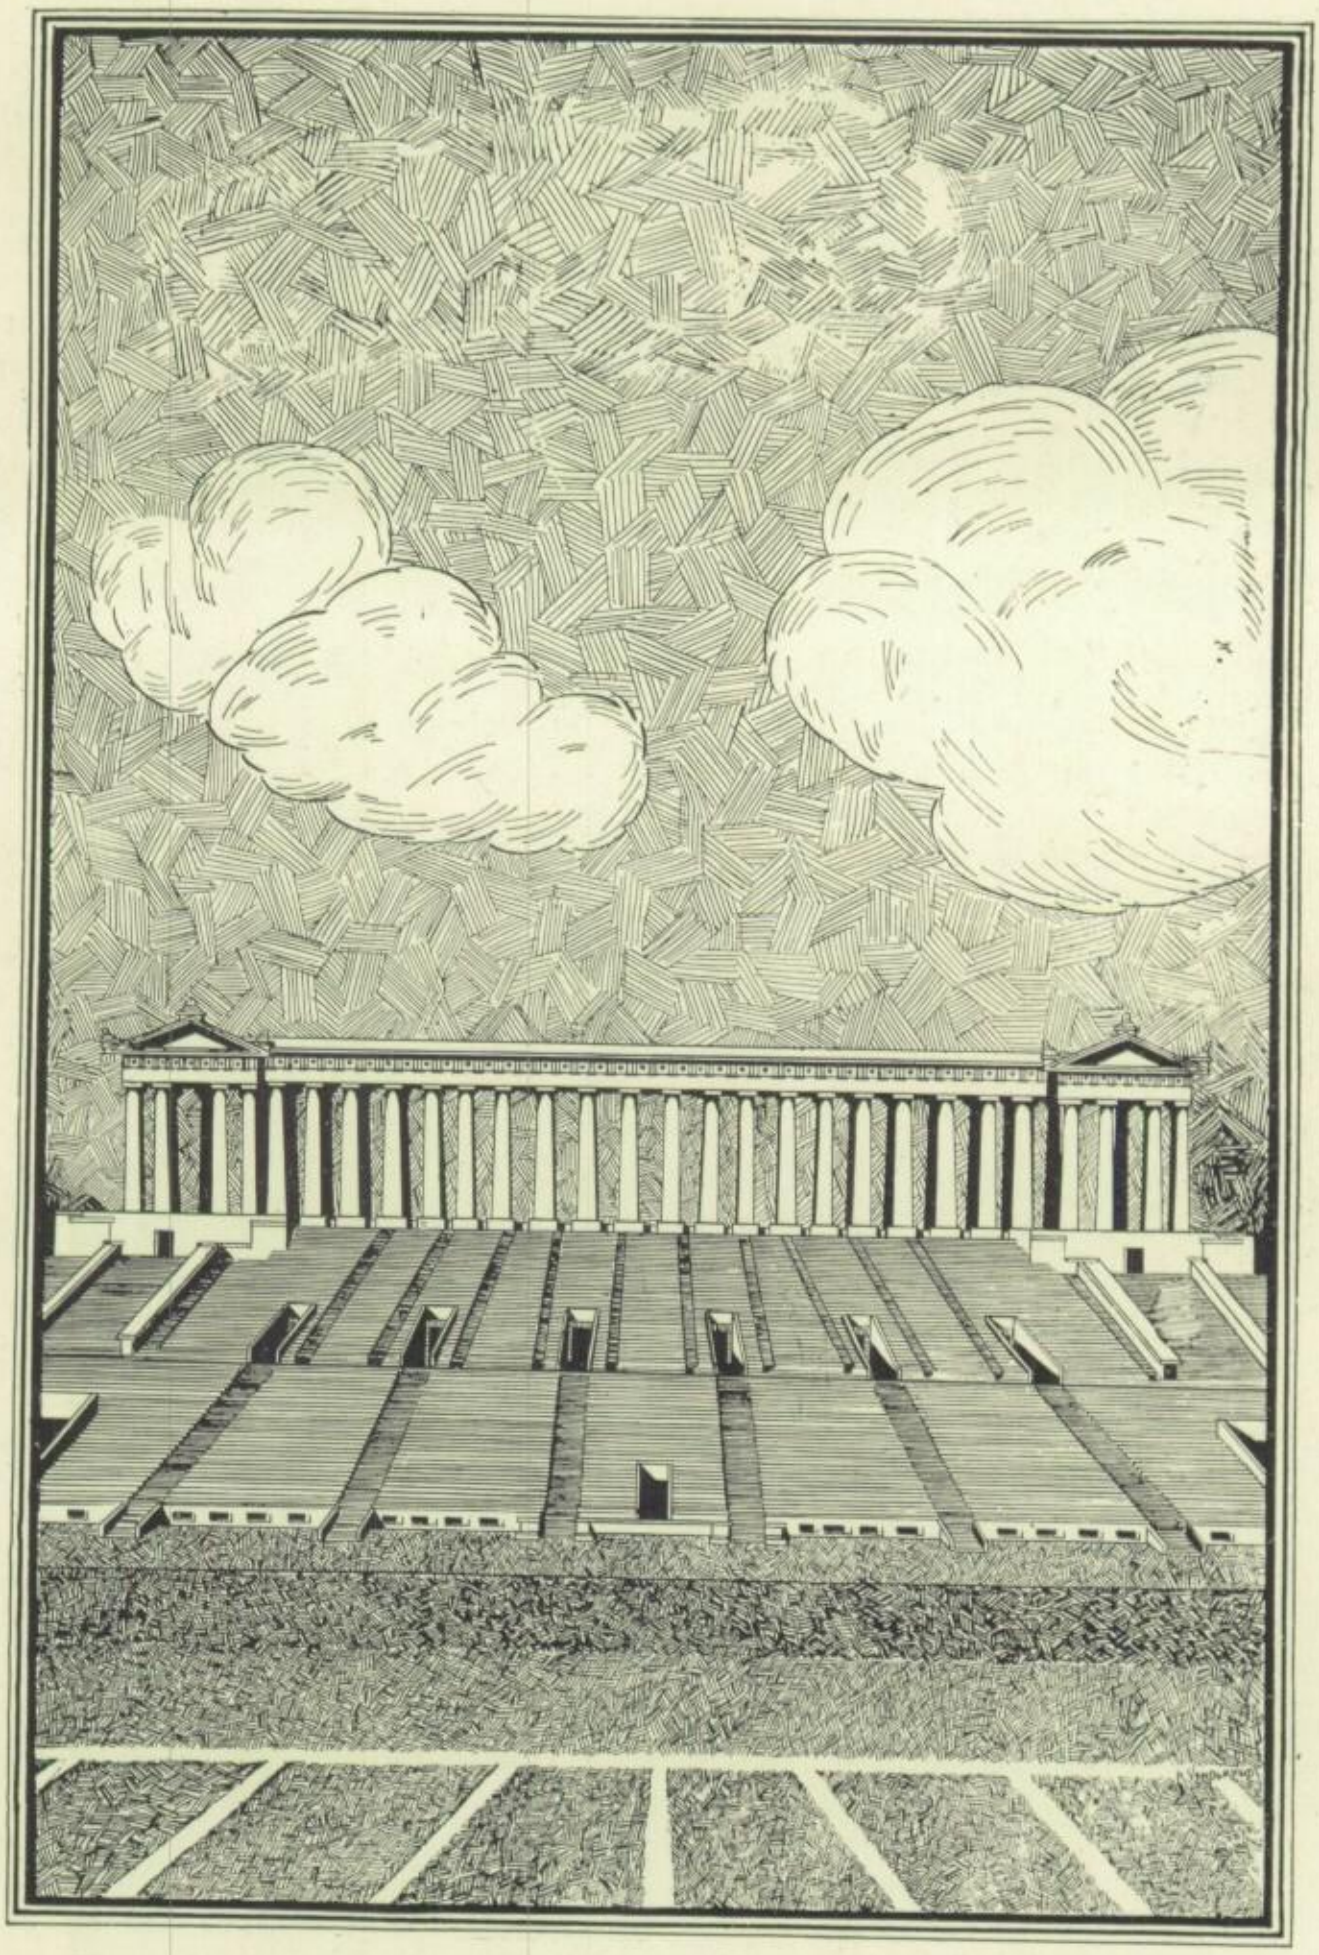
MR. WASSERMAN

With the resignation of William Wigger as football coach in 1919, Parker secured the services of Nathan Wasserman. "Wass" as he is familiarly known, has not only put out winning teams in football, but in basketball and baseball as well. Parker's winning of the 1923 and 1924 Division "B" Football championship and finishing runners-up to Lindblom last year attest to his ability as a coach. "Wass'" task is much harder than other coaches' because of the lack of material in Parker for major sports. "Wass" teaches teamwork and clean sportsmanship for which all Parker's teams are noted. He does not direct his coaching to the development of stars but develops the highest type of teamwork.

"Wass"

THE BONFIRE

Finer and greater Parker spirit than has been displayed in years was at its height at the bonfire and football victory celebration which was held October 31, 1925, the evening of Parker's victory over Morgan Park. The Parkerites marched around the campus to the bonfire which was lighted by Bernard Lutz, captain of the '25 football team. Speeches were made by Wilbur H. Wright, principal, Harvey D. Smith, assistant principal, and Nathan Wasserman, football coach. A song to the victorious football team was sung by a quartet. "Pop" Maysack lead cheers with Elmer Budlove as his assistant. In the Arts Gym "A Scene from Julius Caesar" was given in which William Englehardt as Mark Antony buried Caesar's body (Morgan Park) which was portrayed by Joe Newton. Dancing followed the playlet.



GIRLS' ATHLETICS

THE GIRLS' ATHLETIC ASSOCIATION

The Girls' Athletic Association, a new organization formed at Parker this semester in connection with the introduction of the new "point system" in athletics is a branch of the Public Schools Athletic League and has for its object the promotion and direction of suitable athletics for girls and the inculcation of proper health habits.

Competitions are of two kinds: intramural and interschool. The activities sanctioned under each of these heads are clearly specified.

In June 1926 every girl who has earned 800 points will be awarded an old English block letter with colors the reverse of those awarded the boys. The points are to be distributed as follows: 100 for sportsmanship, 100 for scholarship, 100 for health habits, 100 for team games, 100 for personal proficiency, 50 for hiking, 50 for grade in gymnastic work.

There are at Parker this year five girls' athletic clubs: Life Saving, Baseball, Hockey, Hiking and Lorelei, all of which are sponsored by Miss Mabel R. Wentworth.

The introduction of the point system meant a tremendous amount of work for Miss Wentworth who has entire charge of the physical education for the girls at Parker this semester. She says the girls are learning to run their own clubs and are very enthusiastic about the work. The clubs are a wonderful thing for the girls since they afford a big opportunity for them to acquire training in leadership and health habits. The organization at the same time stresses scholarship.

TENNIS

The Parker girls' tennis team of 1925 made an excellent showing under the faithful coaching of Nathan Wasserman. The girls played exceptionally well all season and were feared by all other schools in this section. They defeated Englewood, Wendell Phillips, and Morgan Park in two matches each, but were finally overcome by Hyde Park. The matches with Hyde Park were very close and in spite of the fact that the Parker girls lost it was a thrilling game. With some old material and much new, Mr. Wasserman had another good team this year. The girls on the 1926 team will all be graduated in June '26 or February '27 so an entirely new team will be needed for next season.

CAPTAIN BASKETBALL

The captain basketball game, one of the most fiercely contested games ever played between the Chicago Normal College and the high school, was won by the Parker girls by two points. At the end of the first half the college led, the score being 16 to 19. In the second half the high school got down to work and by a series of clever passes were able to overcome the lead and win the victory. The final score was 29 to 31 in favor of the high school. This victory meant a great deal to the high school team because it had been defeated in both games with the college the preceding year.

BASEBALL

The interclass indoor baseball tournament, an annual affair, was won in 1925 by the Junior girls' baseball team. Eileen Archer contributed much to the victory by her very skillful pitching. The prospects for the 1926 team were not as bright as could be desired since six members off the team were lost by graduation and two by transfer to other schools. However, much is to be expected from Eva Claire Holbrook, former captain of the Junior team. She was responsible for a number of past victories. There is also a "Babe Ruth" at Parker—Olive Sandaker, who has saved many games with her splendid home runs.

THE HIKING CLUB

The Hiking Club was formed in the fall by forty spirited girls. After the election of officers a schedule for hikes with a teacher as sponsor for each hike, was arranged. The first hike was to Beverly Hills. It was under the leadership of Miss Millicent Stebbins. The day was one of the few fine ones this spring so the first hike was very pleasant. The second and third hikes came right after the spring blizzard. The first of these was to Washington Park. It was sponsored by Miss Helen Laird. The second was to have been to Downers Grove with the Prairie Club. This one was given up because of the snow. The final hike was to the Sand Dunes with all of the G. A. A. girls as guests.

THE LORELEI CLUB

The Lorelei Club is one of Parker's oldest organizations having been organized during the second year of the school's existence. It was organized at this time by Miss Mabel Wentworth. This club is for all girls interested in aesthetic dancing.

The club has proved its value to Parker through its many participations in operettas, class plays, and other school activities.

The girls were not able to organize until the second semester of the school year but the members immediately started practicing dances for the operetta.

The success of the club is due to the cooperation of the members and the efforts of Miss Wentworth. With a successful past the club is assured of a brilliant future.

VOLLEYBALL

A great many girls tried out for the volleyball team this year. From those who made the team and from the girls who played on the team last year an all-star team was developed to play the Chicago Normal College and other schools.

The most interesting and anticipated game was the one with the college which was defeated last year by twelve points in the college-high school game. In spite of the handicap of having lost some of the best players the volleyball team was able to fight well and to come up to its former standard in form.

A tournament was held between the Sophomores, Juniors and Seniors. The winners of the tournament, the Sophomores, received bars and also major points toward major letters.

THE HOCKEY CLUB

Bessie May Murphy	*President*
Mary Stringer	*Vice-President*
Janet Towne	*Secretary*
Gladys Clark	*Treasurer*

Parker is one of the few high schools in Chicago offering hockey. This was made possible by the generous offer of the department of physical education of the Chicago Normal College to use their hockey sticks and balls. Several of the college students assisted in coaching the classes in hockey during the first ten weeks. The early winter deprived the girls of a chance to play out-of-doors, so twenty-four of them formed a hockey club and practiced once a week with out-of-door games whenever the weather permitted.

The Life Saving Club reorganized in September, determined to keep up past records, each member volunteering to help two new members to learn the Life Saving carries. Katherine Madison was elected business manager; Venus Peacock, secretary; Louise Shuldt, treasurer; Marion Kent, captain of the "Crabs"; Marjorie Tolman, captain of the "Lobsters".

The loss of former members who graduated was keenly felt. However, Frances Blanchard and Margaret Ward came back every Monday afternoon and swam with the girls during the ninth hour swimming period. The interest and enthusiasm of the two former members of the club stimulated the rest of the members.

In February the club welcomed several new members and the new officers elected are Marion Kent, business manager; Marjorie Tolman, captain of the "Crabs"; Venus Peacock, captain of the "Lobsters"; and Eleanor Tatge, secretary-treasurer. One of the main features to stimulate and enlarge the club was a party held at the home of Marjorie Tolman. A water carnival was held in the spring at which the swimming accomplishments of the girls were exhibited.

CHAMPIONS ADVISE "MILK FOR HEALTH"

Helen Wills, Johnny Weismuller, "Red" Grange, Nurmi and countless other leaders in sport are consistent milk drinkers. They rely on milk for strength, a clear eye and a quick brain.
You, too, need milk every day. See that it is Bowman's Milk for this milk is rich in all the energy elements so vital to health and strength. It will build you up and give you **that extra power needed to win!**

ONCE UPON A TIME

The greatest indoor sport at Parker was throwing pennies over the partition between the study hall and the library.

Laurence Bacon '20 starred as Count Kinsey in "The Stubborness of Geraldine."

Jerry Ryan '24 knocked over Miss Mabelle Daly's piano in 300C to prove his strength.

There was Roughneck Day and guards at the door prevented all the boys from entering the school with collars on.

There was an exhibition of blooded stock at Camp Wilson, one of Frederick B. Post's Country Life Camps.

There was a Students' Council at Parker.

"The Elmo's," a club formed to increase Parker spirit, gave a dance for the benefit of the Rifle Team.

"Spike' Wilson and "Two-Gun" Mount were freshmen and wore short pants.

STRESS AND STRAIN

"So you want to see the demonstrator who sold you that second hand car?"

"Yes, I want to hire him as a chauffeur. He's the only one who can make the car go."

Officer—"What are you doing here at this hour?"

Gentleman—"I forgot my key, officer, and I'm waiting for the children to come home and let me in."

When Noah sailed the waters blue,
He had troubles same as you.
For days and days he drove the ark,
Before he found a place to park.

"Heavens, man! What is the matter with your face? Were you in a motor accident?"

"No,I was being shaved by a lady barber, when a mouse ran across the floor."

Ma—"Did you dream that you were out riding with Bill last night?"

Sis—"Yes. How did you guess it?"

Ma—"I saw you walking in your sleep."

Let poets sing their lilting songs
And gaily strum the lyre;
Give me the man who whistles while
He's putting on a tire.

"Did I ever tell you about the fright I got on my wedding day?"

"Hush, man; you shouldn't speak that way of your wife."

It's easy enough to be pleasant,
When you put your foot on a nail,
But the feller worthwhile, is the one who can smile,
When his wife reads his personal mail.

Shed a tear for little Nell,
She had a car and drove (pretty fast).

ONLY THE FINE THINGS GO THROUGH

This column was originated by three members of the Green and White Staff. The Sieve came into existence at the time that the paper was enlarged. The idea was that this column should contain news, humor and pathos. The conductors were Delerious Dan, Ferocious Francis, and Yumping Yenny. They are known to the students as Elmer Morrow, editor, James Hartle and Eunice Enright, assistants.

SAD BUT TRUE

Dear Editors: First they built an iron fence around the school; now we can't wear any pins. I wonder if they intend for us to wear striped suits in the future? Yours till they guard the gates.—HENPECKED HORATIO.

It's a long jane that has no curves.

EFFORTS AT A POEM

The "Sox" are in their ball park,
They have won their first game.
Spring must surely be here now,
I'm skeptical just the same.

There were quite a few who went
Who should have not done so.
There were some who should have been at work,
And some should have been at school!

However, the world still goes around,
The "Sox" have done no harm;
They'll be around next year again
When the weather once more is warm.

—E. M.

The guy that cops this week's pretzel for bravery is the wise old weather man who says, "Well, folks, if the rain keeps up like this—it won't come down!"

Yumping Yenny: The other day I heard in my chem class that if cows and horses don't give butter and milk you should give them salt. Looks like a crash on the salt market.—WEE WILLIE.

Laughing Gas says: "Why take life too seriously? You can't come out of it alive."

SALLY'S THERE TOO

Johnny's in the corner
Crying like holy sin
Just before they placed the ban
He bought a new frat pin.

HOT STUFF

Verily, verily, I say unto you; he that sitteth on a red hot stove shall certainly arise and that with seemingly great haste.

—'ORRIBLE 'ARRY.

IT SO OFTEN HAPPENS

There are many things will happen
To make a fellow glad,
There are many things will happen
To make a fellow mad;
But the saddest thing recorded
As if occured by Fate,
Is the breaking of your shoe lace
On the morning that you're late.

—J. R. W.

In olden days the young folks went riding on a horse, now the modern children go flying on a spree.

It doesn't pay to be crooked. The corkscrew is out of a job.

He tried to cross the railroad track
Before a rushing train;
They put the pieces in a sack
But could not find the brain.

"Foiled!" said the hershey bar as it came through the wrapping machine.

Editors: Is it true that the "Sieve" conductors are under a strain?

We've been told that the last line ought to be around our necks.

—D. D., F. F., Y. Y.

The End

Dear Evelyn,

Don't ever forget the wonderful Athlete in Gym?! Ha! Ha! In other woros the Peter Miss Wentworth.

Lots of love and success.

I hope By Coincidence (is that spelt right?) that we meet again.

ShortOrding,

Dear Evelyn
Good luck to
our athletes
Bessie Cairns.
